Trennwandsysteme

Stylish and elegant partitioning.

BEFORE WE
EXPECT TRUST FROM
OUR CUSTOMERS,
WE PROVIDE EVIDENCE
that's us!

ENVIRONMENT & SUSTAINABILITY *that's us!*

Sustainable management and careful use of resources are a matter of course for us and part of our corporate philosophy. This basic idea is consistently integrated and lived in our work processes. We are proud to be the first certified manufacturer of partition systems and lockers in Germany to operate according to the FSC™ and PEFC™ guidelines.

PEFC™ - registered

We pay attention to a sustainable supply chain in which our products are procured under ecological, economic and socially just aspects.

FSC™ - certified

As the first certified manufacturer in the area of partition systems and lockers in Germany, we make an active contribution to the protection of our earth with this future-oriented procurement method. We supply almost our entire range from sustainable wood in accordance with the specifications of the FSC™.

More light. More space. More well-being.

Illuminated front elements: The perfect combination of design and function. This is the highlight in your sanitary area with this type of lighting and achieve a very exclusive lighting effect. Energy-saving LED strips are used, whose colours can be changed individually.

Interesting facts about EF-3 JUMP light elements

WC partition walls made of 36 mm thick sandwich elements with HPL surface

- Recessed supports and headrail give a floating look
- No support feet visible in the front
- Floor clearance ensures a quick and effective cleaning
- Wall connections are done as shadow gaps
- Glass pane made of safety glass (ESG-H) is suspended in the front elements
- Energy-saving LED strips with individually selectable light colour
- No visible screw connections
- Safety device for removing the glass can be released quickly and easily by the building service
- Power is supplied invisibly through the partition wall or via the head rail
- Suitable for dry areas
- Large variety of decors and colours
- Hardware made of high-quality anodised aluminium
- Flush front
- Easy to clean and maintain construction
- System will be produced acc. to the building site dimension

Type EF-3 JUMP light elements

(1)

Privacy screens made of glass

- Wall hanging construction
- Made of enamelled safety glass (ESG-H)
- Mounting by means of discreet aluminium or stainless steel brackets
- Hygienic and easy to clean
- Waterproof
- Easy floor cleaning due to the construction
- Colour selection according to RAL colour chart
- Motif prints optionally possible
- Privacy screens will be produced acc. to the building site dimension

(2)

Privacy screens type SV30

- Wall-mounted privacy screens
- Made of 30 mm thick chipboard
- ABS strips and panels in the same colour
- Installed with durable aluminium holders
- Wall-mounted structures without bottom support feet are particularly hygienic, since floor cleaning can then be faster and more efficient
- Wide range of colours available
- Motif prints are optionally available
- Privacy screens will be produced acc. to the building site dimension

(3)

Privacy screens type VK13

- Wall-mounted privacy screens
- Made of 13 mm solid grade laminate
- Revolving edge is always black
- Installed with durable aluminium holders
- Waterproof
- Wall-mounted structures without bottom support feet are particularly hygienic, since floor cleaning can then be faster and more efficient
- Wide range of colours available
- Motif prints are optionally available
- Privacy screens will be produced acc. to the building site dimension

Features type EF-3 JUMP light elements

Headrail:

- Headrail recessed by 150 mm behind the front wall
- Aluminium brackets and angles ensure a stable construction

Supports:

- Dividing wall with recessed aluminium support
- Support holder made of anodised aluminium
- Stabilisation of the front elements by means of T-connectors under the dividing wall and front element, tightly screwed

Hinges:

- Anodised aluminium rising hinge with high-performance polymer
- Treads guarantee absolute freedom from maintenance and a silence, self-closing of the door
- Door hinges are generally used for door openings over 110°

- Optional available: hinges located in the door rebate which ensure a complete flush front wall
- Optional available: internal tube door closer for a self-closing function of the door
