INNOVATIVE & DESIGN-ORIENTED *that's us!*

With our design-oriented and innovative products, we convince not only our customers, but also national and international committees.

reddot winner 2021

Impressive and elegant.

VENTO sets new standards, both in the field of glass toilet partitions and when it comes to floor-to-ceiling constructions. An impressive, floating glass front, sealed all the way to the ceiling and without any visible profiles or fittings, is the trademark of this installation type. VENTO is a symbol of modern, expressive and luxurious interior design. Privacy guaranteed!

Interesting facts about VENTO

- Made of enamelled safety glass
- Room-high sanitary partition wall for maximum privacy
- Doors, side and dividing walls are closed from floor to ceiling
- Consists of a 50 mm thick, torsion-resistant sandwich construction incl. a 5 mm-thick safety glass (SPSG/ESG-H) overlay on both sides
- Internal aluminium frame
- Up to a height of 3.000 mm, the elements can be supplied in one piece
- No visible hardware solutions
- The doors are led through high-quality floor and ceiling bearings (2+3)
- Doors with self-closing-function
- Automatic, quiet closing is ensured by the integrated soft-close feature
- Different door handles available (4)
- The glass is available nearly in all RAL colours
- Customised motif prints are possible
- System will be produced acc. to the building site dimension

Advantages of glass systems in the sanitary area

- Very high quality due to the nature of the material
- Particularly hygienic
- Easy to clean
- Sturdy and durable
- High resistance to mechanical damage
- Elegant design
- A perfect impression even after many years of use

Interesting facts about VENTO

- Wall and ceiling connections are designed as discreet shadow gaps
- Connections are concealed due to the construction
- Tolerances can be compensated
- Flush front
- Stainless steel one-hand door knob with almost flush stainless steel rosette on the outside of the cubicle
- Extremely easy to clean due to its construction
- Completely internal aluminium frame
- Therefore only glass is visible in the surface
- Frame powder-coated also available in a similar RAL colour to the respective glass (4)
- Particularly elegant and high-quality appearance
- Highly exclusive and luxurious toilet partition wall for upmarket design
