BEFORE WE
EXPECT TRUST FROM
OUR CUSTOMERS,
WE PROVIDE EVIDENCE
that's us!

ENVIRONMENT & SUSTAINABILITY

that's us!

Sustainable management and careful use of resources are a matter of course for us and part of our corporate philosophy. This basic idea is consistently integrated and lived in our work processes.

We are proud to be the first certified manufacturer of partition systems and lockers in Germany to operate according to the FSC™ and PEFC guidelines.

PEFC - registered

We pay attention to a sustainable supply chain in which our products are procured under ecological, economic and socially just aspects.

FSC™ - certified

As the first certified manufacturer in the area of partition systems and lockers in Germany, we make an active contribution to the protection of our earth with this future-oriented procurement method. We supply almost our entire range from sustainable wood in accordance with the specifications of the FSC™.

On request
the products are
available with
FSC™ certification

MADE IN GERMANY

that's us!

Our products are manufactured for you at the company site in Horhausen, Rhineland-Palatinate. This is the only way we can guarantee the high quality standards we set for our products.

PREQUALIFIED

that's us!

We are registered in the list of prequalified construction companies with the number 010.049740, proving that we are qualified for the products and services we offer.

INNOVATIVE & DESIGN-ORIENTED

that's us!

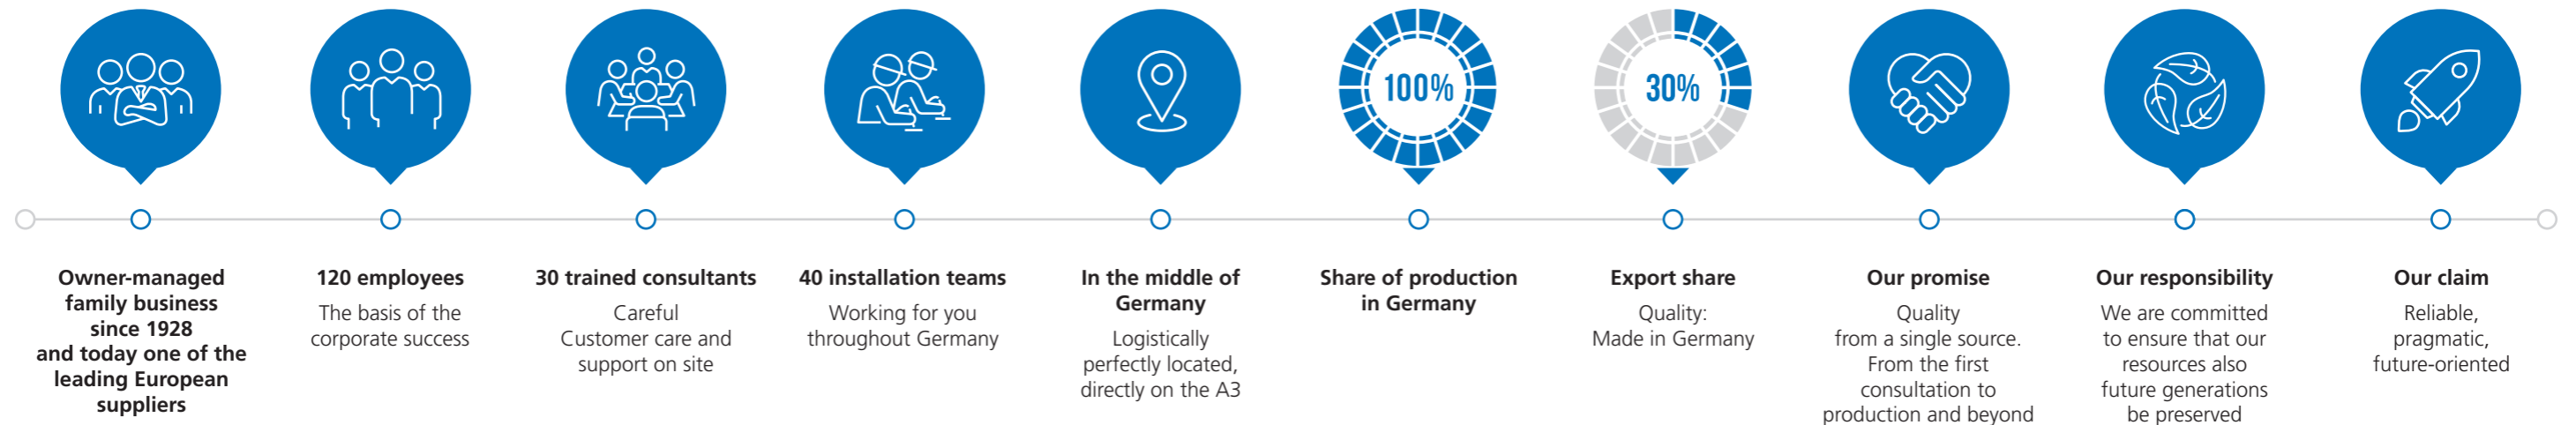

With our design-oriented and innovative products, we convince not only our customers, but also national and international committees.

Company profile

"Sanitary rooms are functional rooms", they say. We say: "Schäfer partition wall systems are a statement of outstanding hospitality." That's why we plan, produce and install high-quality with experience, skill and passion, that offer people a sophisticated privacy in the public sphere. Functional, durable and with a lasting impression.

Sustainability

We are already making a contribution to sustainability and environmental protection in many areas of our daily work. Sustainable management and careful use of resources are a matter of course for us and part of our corporate philosophy.

Our contribution:

- Separation of recyclable materials and feeding them into the material cycle
- The generation of CO²-neutral electricity with an own 400 kw photovoltaic system on the roof. This is trendsetting
- The company's own heating system is supplied with all wood waste materials for a CO²-neutral heating of the company buildings and has been doing so for almost 30 years
- Since 2019, our toilet partitions, changing facilities and lockers have been marked with the FSC™ (FSC-C147242) and PEFC (PEFC/04-31-3143) trademark
- The wood used comes from sustainable and responsible forestry
- We are the first manufacturer of toilet partition wall systems to have the entire production process independently tested, from the forestry operation to the finished product
- FSC™ and PEFC seals set international standards in ecological, social and forestry terms
- We are pleased that our products will also bear the certificates in the future and will continue to work to ensure that our resources are preserved for future generations

Competence

schäfer[®]
Trennwandsysteme

Stylish and elegant partitioning.

We believe in automation because automation creates:

- Consistent quality
- High-precision fitting accuracy with different materials
- Jobs
- Competitiveness
- Intelligent and individual product solutions
- More qualified employees

Over the years, automation has created additional jobs and enabled the professional development of our employees.

Employees

Employees

- People are the most important capital of our company. We are proud of that!
- One of the main components is the training of young employees
- Which we strengthen in their self-responsibility from the beginning of their apprenticeship and support with independent tasks
- We do this with success, because many of our former trainees are valuable employees of us today

We attach great importance to the team spirit of our employees. We work hand in hand. This is the only way we can accompany our customers professionally throughout the entire realisation process. This makes us to the reliable partner which we are.

- 120 employees in Horhausen
- 30 consultants and 40 installation teams throughout Germany
- These are the people at Schäfer Trennwandsysteme

Quality and service promises
